

Hyco Shooting Club

P.O. Box 1722, Roxboro, NC 27573

Thank you for your interest in the Hyco Shooting Club. We are happy to supply you with the following information regarding our organization:

Hyco Shooting Club members are individuals who enjoy various shooting activities and wish to share their enthusiasm with other like-minded people. Above all, they desire to do so in a safe and sporting manner. Friendly and considerate, our members help create an amiable shooting atmosphere that does not compromise safety.

The Range has multiple berms at 25,40, 50, 75, and 100 meters. At each berm there are swinging silhouette targets for those who wish to practice shooting without the necessity of setting up paper targets. These silhouette targets are for Small-bore rifles and pistols only! We have several wooden frames for holding paper targets available for member use which can have paper targets stapled to them and are light enough to be carried downrange whenever you wish. We require these stands to be placed in front of a berm to catch the rounds. There will be no shooting at any targets out in the open without a backstop. This is necessary for safety reasons and will prevent ricochets.

The Firing Line is constructed of hard, fine gravel with seven shelters to shoot from. Shooting benches are constructed and replaced from time to time as are the target stands. We have a few metal targets to shoot at and we ask that you do not use a rifle or caliber that would penetrate these targets. There is a battery-powered skeet thrower set up on the on of the firing line to shoot skeets.

The club holds monthly Silhouette matches in Hunters Pistol, Smallbore Hunters Pistol, Cowboy Silhouette Rifle and Small bore Rifle that are sanctioned by the NRA.

If your interest is in Pistol, Rifle, or Shotgun shooting, the Hyco Shooting Club has the facilities you need to shoot safely and comfortably.
